Coverage for: Individual or Individual + Family | Plan Type: PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-811-4793 or visit www.alliantplans.com. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov or call 1-800-811-4793 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 person / \$1000 family. For out of network providers \$20000 person / \$40000 family Doesn't apply to preventive care .	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care services are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive care without cost sharing and before you meet your deductible . See a list of covered preventive care at www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet a deductible for specific services, but see the chart starting on page 2 for other costs for services your plan covers.
What is the out-of-pocket limit for this plan ?	Yes. For network providers \$1750 person / \$3500 family. For out of network providers \$N/A person / \$N/A family.	The out of pocket limit is the most you could pay during a coverage period (usually one year) for your share of the costs of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit ?	Premiums , balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out of pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.alliantplans.com or call 1-800-811-4793 for a list of preferred providers .	If you use a network provider or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your network provider or hospital may use an out of network provider for some services. Plans use the term in- network , preferred, or participating for providers in their network . See the chart starting on page 2 for how this plan pays different kinds of providers .
Do you need a referral to see a specialist ?	No.	You can see your specialist of choice without permission from this plan.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
